

Finding targets no one else can see

MARY O'HARA-DEVEREAUX, PH.D.

“FINDING TARGETS NO ONE ELSE CAN SEE”

Trusted CEO Advisor
Forecaster/Futurist
Keynote Speaker
Best Selling Author
Founder of 3 Companies

Mary O'Hara-Devereaux is an internationally known futurist and the author of several books including *'Navigating the Badlands: Thriving in this Decade of Radical Transformation'*. A highly respected strategic consultant and speaker, Mary specializes in providing long-term forecasts, strategy and innovation support to senior executives in the private and public sectors. Known for her steady-eyed forecasting, Mary's ability to translate emerging trends into profitable opportunities is legendary.

Experience in 66 different countries and 6 continents with many global companies such as Disney, Apple, Microsoft, and Chevron. She has worked as well at Rockefeller, Robert Wood Johnson Foundation, Milken Global Institute, and the Harvard Kennedy School, and with many governments around the world including China, Japan, UK, Costa Rica, Sweden, World Health Org, and World Bank.

Mary is founder and President of Global Foresight, a “think tank” in San Francisco she spun out after several years at the Institute for the Future, itself a spin off from the Rand Corporation, in Silicon Valley where she led the Emerging Technology program. She holds degrees from the University of Michigan, University of California and the Fielding Graduate University. She was recently a Professor at Peking University in Beijing with previous faculty positions at The University of California, University of Hawaii and many visiting professorships around the world.
